

Fantasy Flight Camp

September 11-13, 2015 | EAA Aviation Center, Oshkosh WI

Consolidated PT-3 (the only flying example in the world)

Experience the thrill of flight in two historic military trainer aircraft

Registration is now open for the EAA's Ultimate Warbird Trainer Fantasy Flight Camp, taking place September 11-13, 2015.

The Ultimate Warbird Trainer Camp experience involves an exciting weekend at the EAA Aviation Center in Oshkosh, Wisconsin, where you'll discover more about and fly aboard two of EAA's own military AAC trainers - the Consolidated PT-3 (the only flying PT-3 in the world) and the North American T-6, also known as the "pilot-maker." Both aircraft are legends in primary and advanced military training.

You will receive in-depth ground instruction on both aircraft throughout the weekend, capped off by a 30- to 35-minute flight in the PT-3 and T-6. Each flight will begin with an informative session on the aircraft and its controls and EAA's own pilots and instructors will perform the takeoffs.

Once airborne, the pilot will demonstrate how the controls work – **then it's your turn!** The grace of the PT-3 and the speed and power of the T-6 will give you a truly memorable flight experience that can only be experienced here at EAA.

Every effort is made to create a true fantasy experience for the aviation enthusiast - including privileged access to various EAA facilities and specialists. Dubbed "the ultimate interactive experience," the fantasy flight camp is sure to deliver unforgettable memories and logbook entries.

Comments from past participants:

"Extremely professional and presentations were both informative and humorous. Overall it was an excellent course and a very rewarding lifetime experience."

"Extremely pleased, great experience, very good handouts, helpful people."

"It was better than I thought it would be. The instructors were especially good and cooperative. The staff, food, and lodging were first class."

"Very well done! The course was a nice blend of history, aircraft operation, and introduction to ground school."

Package includes:

- Flight experiences in both a PT-3 and T-6 (15 minutes of stick time for each)
- Instruction materials
- Ground schools
- Logbook endorsement
- Keepsake certificate
- On-site transportation
- Meals (breakfast, lunch, and dinner)
- Two nights stay in the EAA Air Academy Lodge

Cost: \$1,500 (must be 18 or older)
